MEMORANDUM FOR: Director of Medical Services

SUBJECT : OMS Action on IG Survey of the OMS

Progress Report on Recommendation No. 10

1. Recommendation No. 10 states that the Director of Medical Services and the Director of Personnel take steps to reduce substantially the amount of time required for processing applications for medical disability retirement.

2. The undersigned will review all medical disability cases on a weekly basis to determine current status of the case. A report of this review will be forwarded to the Director of Medical Services. This procedure will act as a control mechanism. It is suggested that cases that are not evaluated by the Psychiatric Staff and can be supported for medical disability retirement because of the Clinical Division findings not be reviewed by the Clinical Review Board in an effort to cut down the processing time.
